

YEARS 1 AND 2 SUMMER TERM CYCLE 2 CURRICULUM STATEMENT

ENGLISH

We shall be studying the National Curriculum in speaking and listening, reading and writing. You will receive a written copy and review of their targets in your child's termly report. The children have individual targets in order to progress. In Year 1 the children will be having daily discreet phonics sessions to enhance their reading and spelling capabilities. As the children progress to Year 2 they will be taught spelling and grammar following the Oxford Owl scheme. To find out more about the spelling scheme visit the Oxford Owl website.

This term we will focus on report writing and fact files developing the children's writing skills. As in the previous two terms, we will have a sustained development of cursive handwriting. To find out more about report writing in KS1, visit BBC Teach.

MATHS

We shall be studying the National Curriculum in mathematics. We will continue the teaching of Maths No Problem. It teaches children basic mathematic skills to encourages them to problem solve in a variety of ways. To find out more about our maths initiative, please visit the Maths No Problem website. The children in Year 2 will be practising their tables using TT Rock Stars.

SCIENCE

We shall be studying National Curriculum. You will receive a written copy and review in your child's report. We shall be teaching the children about plants, growth and seasonal change. Your child will have opportunities to study plants first hand using our school's meadows, observing British indigenous plants in their natural environment. A good website to find out more information about plants is BBC Bitesize.

In computing the children will be composing algorithms and developing coding skills to create simplistic programmes. Your child will develop an insight into the workings of software and how it is created, both through use of examples and creation of their own algorithms.

THE ARTS

In art we will be studying monarchy. We will use a range of tools and materials to develop our fine motor skills and artistic skills, working independently and within groups. To find out more about painting skills, please visit BBC Teach. In Music we will be studying a variety of strands, including composition and notation.

THE HUMANITIES

In Geography the children will be developing understanding of the component parts of the United Kingdom and their capital cities. To find out more about the United Kingdom and its components, please visit BBC Teach.

PE

In PE this term there will be a focus on developing athletic skills. The children will be given the opportunity to better their personal best scores that they have achieved throughout their time at Swinemoor. They will reflect on the best practice in different events such as javelin, high jump and sprint. To find out more about keeping fit in order to develop athletics skills, please watch Joe Wicks PE videos.

RE/ PHSE

In RE the topic we will be studying is called 'The Big Question'. This will encourage a philosophical approach to discussion and reflection about our world and who is in it. The children will have opportunities to develop speaking and listening skills surrounding a variety of topics.

TERMLY COMPETITIONS

This term we have the annual athletics competition to strive towards, as mentioned in our PE curriculum statement. The children will also have the chance to participate in Swinemoor's Sports Day and compete with the belief they have every chance of success. There will also be an art competition, based upon the portraits completed within art lessons.
